The Messianic Times has been the leading international Messianic Jewish newspaper since the first issue rolled off the presses in 1990.

Begun as a quarterly publication, it is now published six times per year and includes news from the worldwide Messianic community, Israeli current events and analysis, opinion pieces, Messianic Lifestyle profiles, informative articles and a directory of Messianic Jewish congregations.

The Messianic Times seeks to provide accurate, authoritative and current information to unite the international Messianic Jewish community, teach Christians the Jewish roots of their faith, and proclaim that Yeshua is the Jewish Messiah. We equip Messianic leaders and Christians who have a love for Israel and the Jewish people.

Minnesota freshman congresswoman Ilhan Omar has a well-documented history of making antisemitic statements. Granted, partisan politics, alongside irresponsible hyperbole, rule the day, but should Jewish people be concerned by the congresswoman's apparent hostility toward Jews? Let's review the record.

In 2012, while serving as campaign manager for Kari Dziedzic's reelection to the Minnesota State Senate, Omar tweeted, "Israel has hypnotized the world, may Allah awaken the people and help them see the evil doings of Israel," ascribing psychic powers and evil intent to the Jewish nation.
